Professional Profile

Junior Backend Java Developer with hands-on professional experience at Lumu Technologies, where I modified and extended business logic in Python (Quart) APIs and built new frontend and backend services for an internal company application. Strong personal track record designing microservices architectures with Spring Boot 3.x and Java 21, focused on REST API design, security with Spring Security and JWT, persistence with Spring Data JPA/Hibernate, thorough testing (JUnit 5, Mockito, Testcontainers), and CI/CD pipelines with GitHub Actions and Docker. Complementary experience in React and TypeScript, with a strong focus on clean code and technical documentation in English.

Professional Experience

December 2024 – June 2025 — **Software Developer – Intern**, *Lumu Technologies*

- Modified and extended business logic in REST APIs built in Python with the Quart framework, supporting an internal company application.
- Designed and implemented new backend services and frontend components (React, TypeScript, Material UI) to extend the functionality of an existing internal application.
- Collaborated in agile development workflows using Git, Bitbucket, Jira, and Confluence under Scrum methodology.
- Contributed to the maintenance, documentation, and continuous improvement of internal engineering systems.

Projects

In progress – 2026 — **SportsPulse API**

Sports information management and tracking platform built as a monolith with 8 microservice modules under MVC architecture, consuming the external Api-Football API in real time. Implemented WebClient configuration with resilience patterns, Caffeine-based caching, security with Spring Security/JWT, and unit testing with Instancio. Developed collaboratively under Scrum methodology with a professional Git workflow.
Technologies: Java, Spring Boot, Spring Security, JWT, WebClient, PostgreSQL, Docker, GitHub Actions, REST APIs, Scrum.
GitHub: github.com/sebas679og/Equipo03-SportsPulseMS

Completed – 2026 — **SwissRoute API**

REST API for planning and tracking trips on Swiss public transportation, built with Java 21 and Spring Boot under MVC architecture, integrating the official Swiss transport API in real time. Includes authentication with Spring Security and JWT, database migrations with Flyway, complete documentation (README, contribution guide), and a unit test suite with JUnit 5 and Mockito.
Technologies: Java 21, Spring Boot 3.x, Spring Security, JWT, Flyway, PostgreSQL, MapStruct, Lombok, Docker, GitHub Actions, REST APIs.
GitHub: github.com/sebas679og/SwissRouteApi

Completed – 2026 — **BankCore System**

Backend system with MVC architecture in Java for managing banking operations, composed of two modules (ms-customers and ms-accounts). Implements REST APIs, persistence with Spring Data JPA, IBAN validation with MOD 97, custom Jakarta validators, and inter-service communication via WebClient.
Technologies: Java, Spring Boot, Spring Security, JWT, PostgreSQL, Docker, GitHub Actions, REST APIs, JUnit 5, Mockito.
GitHub: github.com/sebas679og/bankcore-system

Education

2026 – Present — **Computer Engineering**, *Universidad de Caldas*

2023 – 2025 **Associate Degree in Software Analysis and Development**, *SENA*

2021 – 2022 **Technician in Systems**, *SENA*

Technical Skills

Languages	Java, Python, TypeScript, JavaScript, HTML, CSS
Frameworks	Spring Boot, Spring Security, Spring Data JPA, Spring WebFlux/WebClient, Quart, FastAPI, React, Material UI
Databases	PostgreSQL, MySQL, MongoDB
Testing	JUnit 5, Mockito, AssertJ, Testcontainers, WireMock, MockWebServer
DevOps	Docker, Docker Compose, GitHub Actions, CI/CD, Git, GitHub, Bitbucket, Jira, Confluence
Other	MapStruct, Lombok, Swagger/OpenAPI, JWT, Hibernate, REST APIs, Microservices, Concurrent Programming
Methodologies	Scrum, Clean Code, SOLID, MVC

Soft Skills

Clear and effective communication, teamwork, analytical thinking, proactivity, adaptability, fast learning, time management, creative problem-solving

Languages

Spanish	Native	
English	B1	*Fluent technical reading, documentation, and professional written communication*
